Contemporary Pharmacology and Prescribing in Older
Adults**

Meet the 2014-15 Board of Directors

Call for Abstracts!

Please participate: Geropsych Focus Group survey

The Geropsych Focus Group would be delighted to have your participation in a gerontological advanced practice nurse needs assessment survey. The survey results will be used to provide information so we can better understand the educational needs of GAPNA members working with older adults that have mental health problems. The 5 minute survey is voluntary and anonymous, and we appreciate your time and effort in assisting us in meeting the needs of the GAPNA membership.

Take the Survey

NEW: Clinical Research Corner and Clinical Topics

The Clinical Research Corner is an area that appears quarterly in the GAPNA Newsletter. The short features/articles within contain valuable information especially for Gerontological APRN's that will help you with patients, as well as, increase your knowledge of this field of nursing. All of the articles directly effect, involve, and impact the elderly.
