Clinical Research Corner and Clinical Topics

The Clinical Research Corner is an area that appears quarterly in the GAPNA Newsletter, The Official Newsletter of the Gerontological Advanced Practice Nurses Association — Founded in 1981. The short features/articles within, contain valuable information especially for gerontological APRNs that will help them with patients, as well as, increase their knowledge of this field of nursing.

NSO Risk Management Report for 2015

Through risk management data, NSO works to provide nursing professionals with the knowledge needed to reduce their liability exposure while improving patient outcomes. In collaboration with CNA, NSO has developed claim reports for nurses and nurse practitioners.
