San Antonio, TX

CONFERENCE SCHEDULE

Thursday, September 12, 2024

Keynote Session

New Drugs - Dementia & Alzheimer's Disease

Dr. Liam Fry, MD, CMD, FACP

Dr. Liam Fry is board-certified in hospice and palliative care, geriatric medicine, and internal medicine. In addition, she is the division chief of geriatrics and palliative medicine and has an appointment by Gov. Greg Abbott to the Nursing Facility Administrator Advisory Committee. She coordinates recurring volunteer opportunities for her practice at the Austin Geriatric Practice with Capital Area Food Bank and serves as a volunteer in the Travis County Medical Society Athletic Physicals Outreach. Dr. Fry has demonstrated a passion for helping other physicians grow their medical director skills and has worked to educate her fellow physicians in this area.

Highlighted Conference Session

Sleep and Cognitive Implications

Kathy Richards, PhD, RN, FAAN, FAASM

Dr. Kathy Richards' research focuses on improving sleep and related symptoms, such as nighttime agitation, and memory in older adults with mild cognitive impairment and Alzheimer's disease. Dr. Richards' experience in multidisciplinary translational sleep and aging research spans more than 25 years and the results of her research are disseminated in more than 100 publications. She has conducted randomized controlled clinical trials of interventions, such as exercise and individualized social activity programs, resulting in large, clinically significant

improvements in sleep and other debilitating symptoms in institutionalized and hospitalized older adults. She has developed and validated measures, including a measure of sleep quality for use in critically ill older adults that has been translated into 12 languages, and a restless leg syndrome diagnostic tool for use in persons with cognitive impairment. Dr. Richards has conducted studies that have illuminated relationships between sleep disorders, such as restless legs syndrome, and behavioral symptoms, such as wandering, in community-dwelling older adults with cognitive impairment. Her program of research has advanced the science regarding design of clinical trials to test the efficacy of tailored, patient-centered interventions. She is the recipient of outstanding alumni awards from the University of Texas at Austin and the University of Arkansas for Medical Sciences. She is a fellow of the American Academy of Nursing and a fellow of the American Academy of Sleep Medicine.

Tuesday, September 10, 2024

4:00 pm - 7:00 pm

Registration Open

Wednesday, September 11, 2024

7:00 am - 7:00 pm

Registration Open

8:00 am - 4:30 pm

Pre-Conference Workshop (7.0 CH)

Session Key

CONFERENCE SCHEDULE

010 Dementia Care Specialist Clinical Skills Training – R

Michelle Panlilio, DNP, GNP-BC; Carolyn Clevenger, DNP, GNP-BC, AGPCNP-BC, FAANP, FGSA, FAAN; Sherry Greenberg, PhD, RN, GNP-BC, FGSA, FNAP, FAANP, FAAN; J. Michelle Moccia, DNP, ANP-BC, GS-C; Jennifer Serafin, MSN, BSN, GNP-BC, GS-C

This session will focus on training advanced practice nurses as dementia care specialists (DCS) based on the UCLA Alzheimer's and Dementia Care Program model. Methods will include role-playing utilizing evidence-based tools required to perform a comprehensive cognitive assessment. These validated tools will help support a clinical understanding of person-centered care including caregiver needs to formulate a comprehensive dementia care plan.

Note: Prior to participating in this workshop, it is highly recommended the learner complete the Fundamentals of Dementia Care Management course available in the GAPNA Online Library.

Sponsored by UCLA and The John A. Hartford Foundation.

8:00 am – 4:30 pm

Pre-Conference Workshop (7.0 CH)

020 Home-Based Care: Clinical and Practice Management Insights for the Nurse Practitioner

Allison Dobecka, MSN, APRN, ANP-C; Aparna Gupta, DNP, FACHE, CPHQ; Anna Ignatova, DNP, GNP-BC, ACHPN, RN; Ron Ordon, DNP, FNP-BC, WCC, GS-C; Paul Chiang, MD; Michael Kingan, DNP, APRN-BC, CWOCN

Interest in home-based care (HBC) is growing as is shown to improve access to care, improve the quality of life for patients and their caregivers, lead to better health outcomes, and reduce healthcare costs. This full-day workshop will focus on two separate aspects related to home-based care: clinical evidence-based practice and clinical evidence-based practice, specifically geriatric syndromes, social determinants of health, medication management, caregiver support, and clinical procedures in the home.

12:00 pm – 5:00 pm

Pre-Conference Workshop (4.5 CH) – R

030 Pharmacology Update: A Potpourri of Topics

Jonathan Newsome, PharmD, BCGP

This pharmacology-based workshop will cover a range of topics related to new drugs that have come out in the last 12 to 18 months that are specific to older adults.

6:45 pm – 9:00 pm

Evening Session (2.0 CH)* – R

040 Striking A Balance: Understanding Pain Management and Opioids

Wendy Wright, DNP, ANP-BC, FNP-BC, FAANP, FAAN, FNAP

There is a need for advanced practice nurses to increase their knowledge and skills regarding the latest evidence for understanding pain management and opioids and to apply that information to their practices to improve their patient outcomes. This newly updated course is designed to meet the FDA's Opioid Analgesic REMS.

CO*RE Case-Based Curriculum: Our case-based session delivers a real-world educational experience through a series of cases and supporting content mapped to segments of the FDA Blueprint. This allows faculty to teach the application of concepts, fostering an engaging approach to pain management education.

By the end of this session, the learner will be able to describe the pathophysiology of pain as it relates to the concepts of pain management, accurately assess patients in pain, develop a safe and effective pain treatment plan, identify evidence-based non-opioid options for the treatment of pain, identify the risks and benefits of opioid therapy, manage ongoing opioid therapy, and recognize behaviors that may be associated with opioid use disorder.

The course curriculum is fully compliant with the FDA's [September 2018 FDA Blueprint for Opioid Analgesic REMS Education](#) and the 2022 Centers for Disease Control and Prevention (CDC) [Clinical Practice Guideline for Prescribing Opioids for Pain](#). This session also meets many states' requirements for controlled substances CE.

The curriculum was developed by the Collaborative for REMS Education (CO*RE) <http://core-rems.org> and is supported by an independent educational grant from the Opioid Analgesic REMS Program Companies (RPC).

This course meets the criteria outlined by Substance Abuse and Mental Health Services Administration (SAMHSA) to count toward DEA required training. The Access and Training Expansion (MATE) Act requires new or renewing Drug Enforcement Agency (DEA) registrants, as of June 27, 2023, to have completed a total of at least eight hours of training on opioid or other substance use disorders.

Presented by Nurse Practitioner Healthcare Foundation, a member of the Collaborative on REMS Education (CO*RE), ten interdisciplinary organizations working together to improve pain management and prevent adverse outcomes, including AAFP, AANP, AAPA, AAHPM, AOA, ASAM, CAFF, IPMA, NPHF & AAOS. For more information, please contact NPHF or visit www.core-rems.org.

*The Nurse Practitioner Healthcare Foundation (NPHF) is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation. NPHF is awarding the contact hours and is responsible for adherence to the ANCC criteria. This learning activity is presented in partnership with the CO*RE Collaborative.

This course provides 2.0 contact hours including 2.0 pharmacology hours. Criteria for awarding the contact hour includes completion of the course, evaluation, and post-test.

As a provider dedicated to independent education and accredited by the ANCC, NPHF must ensure balance, independence, objectivity, and scientific rigor in all its educational activities. All individuals with the ability to influence the content of this educational activity reported the following: none of the faculty advisors, reviewers or planners for this educational activity have relevant financial relationships with ineligible companies to disclose.

Wendy Wright, DNP, ANP-BC, FNP-BC, FAANP, FAAN, FNAP, faculty for this educational event, is on the speaker bureau is a consultant for GSK. Relevant financial relationships have been mitigated.

This educational activity is supported by an independent educational grant from the Opioid Analgesic REMS Program Companies (RPC). Please see www.er-la-opioidREMS.com for a listing of the member companies. This activity is intended to be fully compliant with the Opioid Analgesic REMS education requirements issued by the US Food & Drug Administration (FDA).

CONFERENCE SCHEDULE

12:30 pm – 5:00 pm

GAPNA Foundation Golf Outing (Off-Site)

Pre-registration is required for this activity.

5:15 pm – 6:30 pm

050 Industry-Supported Presentation Theater

Seating is limited. Presentation theater and light refreshments will be provided if industry support is received.

Thursday, September 12, 2024

6:30 am – 5:00 pm

Registration Open

7:00 am – 8:00 am

110 Industry-Supported Presentation Theater

Seating is limited. Presentation theater and breakfast will be provided if industry support is received.

8:00 am – 8:15 am

120 President's Welcome

Ann Marie Kriebel Gasparro, DrNP, FNP, GNP, GS-C, FAANP

8:15 am – 9:15 am

Keynote Address (1.0 CH)

121 New Drugs – Dementia & Alzheimer's Disease

Liam Fry, MD, CMD, FACP

This session will discuss latest research and clinical updates on dementia and Alzheimer's disease.

9:15 am – 10:45 am

Grand Opening of the Exhibit Hall and Poster Viewing

During this time attendees can network with exhibitors, view posters, and participate in the GAPNA Foundation basket raffle.

10:45 am – 12:15 pm

Highlighted Session (1.5 CH)

130 Sleep and Cognitive Implications

Kathy Richards, PhD, RN, FAAN, FAASM

This session will share the latest on research into improving sleep and related symptoms, such as nighttime agitation, and memory in older adults with mild cognitive impairment and Alzheimer's disease.

12:30 pm – 1:30 pm

140 Industry-Supported Presentation Theater

Seating is limited. Presentation theater and lunch will be provided if industry support is received.

1:40 pm – 2:40 pm

Concurrent Sessions (1.0 CH)

151 Using the 12 Lead EKG to Detect Underlying Critical Care Emergencies – R, AC

J. Michelle Moccia, DNP, ANP-BC, GS-C

This session will help guide the practitioner with a simple method for reading and interpreting the electrocardiographic clues. This

session will also include non-pharmacological and pharmacological treatment for acute myocardial infarction, cardiac rhythm disturbances, electrolyte imbalance, and pulmonary embolism.

152 Prostate Cancer: Diagnosing and Treatment Disparities in the Older Adult – AC

Hiboombe Haamankuli, DNP, MSN, ACNP-BC

This session will address the diagnosis and treatment issues unique to the older adult prostate cancer patient.

153 Quality Physical Assessment Over Telehealth: Inclusion of Our Older Adults

Heather Jones, DNP, AGPCNP-C

The presentation will expand your physical assessment skills and communication techniques to provide instructions to older adult patients during telehealth visits via video conferencing. You will learn how to reconstruct physical assessment techniques from traditional in-person visits to telehealth visits via video conferencing through inspection, palpation, percussion, auscultation (IPPA); vital signs; and special maneuvers via video conferencing to optimize your diagnostic accuracy.

2:50 pm – 3:50 pm

Concurrent Sessions (1.0 CH)

161 RUSH Hour: Life in the FAST Lane – AC

Somali Nguyen, DNP, CRNP, AGACNP-BC; Hiboombe Haamankuli, DNP, MSN, ACNP-BC; Sabrina Kopf, DNP, CRNP, ACNP-BC

This session will provide an orientation to the indications for a focused assessment with sonography in trauma (FAST) and rapid ultrasound for sepsis and hypotension (RUSH).

162 Access, Quality, and Cost Implications of Care at Home for Older Adults

Susan Mullaney, DNP, NP-C, GNP-BC, GS-C, FAAN, FAANP; Abigail Luck Parish, DNP, AGPCNP-BC, GNP-BC, FNAP

This session will explore the role of nurse practitioners engaging in health policy and advocacy to ensure resources, including workforce, funding, and education, are in place now and well into the future to care for the growing older adult population who prefer to "age in place."

163 The Future is Now: Enabling Greater Post-Acute Care Interoperability

Jessica Skopac, PhD, JD, MA; Lorraine Wickiser, BSN, BA, RN, CPC-A

This session will provide a description of progress in the United States towards interoperable health information exchange from the CMS-sponsored PACIO project for clinical concepts impacting post-acute care (PAC) and other settings. Concepts include mental/cognitive status, functional status (including speech-language-cognitive communication-swallowing-hearing), advance care planning, transitions of care, standardized medication profiles, and identification of reassessment timepoints to group information during data exchange.

CONFERENCE SCHEDULE

4:00 pm – 5:00 pm

Concurrent Sessions (1.0 CH)

171 Viral Respiratory Infections of Older Adults in the Acute Care Setting - AC

Deanna Adams, DNP, APRN, FNP-C, AGACNP-BC, GS-C, CEN

Respiratory infections pose a significant problem among older adults. The increased mortality and morbidity rates among individuals over 65 highlight the criticality of these infections. This session will discuss asthma and viral respiratory issues for older adults and how they are addressed in the acute care setting.

172 Complex Symptom Management at the End of Life - R

Jeannette Meyer, MSN, RN, CCRN, CCNS, PCCN, ACHPN

This session will discuss the importance of utilizing an evidence-based end-of-life order set for basic symptom management and patient support. Discussion will also include the importance of utilizing clinical experts in palliative care and hospice to provide additional expertise, not only in managing symptoms, but in evidence-based methods discussing goals of care. For a dying patient, there is only one chance to “get things right” and potentially a lifetime of suffering and guilt for those who remain if things go wrong. This presentation offers strategies to decrease suffering and increase comfort at end of life.

173 Unusual Behavioral Manifestations in Older Adults: Personality Disorder, Hoarding, and Eating Disorders

Nanette Lavoie Vaughan, DNP, ANP-C, CGCP

Personality disorders, hoarding, and eating disorders are usually associated with younger and middle-aged adults but can be undiagnosed until later life or start in older age. This session will discuss how to diagnose and manage these conditions in older adults. Attendees will learn screening tools, key assessments, management, and treatment. Case studies will be used to illustrate learning concepts.

5:00 pm – 6:30 pm

Exhibit Hall Open and Poster Viewing

During this time attendees can network with exhibitors, view posters, and participate in the GAPNA Foundation basket raffle.

6:30 pm – 8:00 pm

180 Industry-Supported Presentation Theater

Seating is limited. Presentation theater and light refreshments will be provided if industry support is received.

Friday, September 13, 2024

6:00 am – 7:45 am

Foundation Fun Run/Walk

Pre-registration is required for this activity.

6:30 am – 5:00 pm

Registration Open

7:00 am – 8:00 am

200 Industry-Supported Presentation Theater

Seating is limited. Presentation theater and breakfast will be provided if industry support is received.

8:15 am – 9:15 am

General Session (1.0 CH)

210 Elder Abuse and Neglect

Kristin Lees Haggerty, PhD, MA

This session will discuss the warning signs of elder abuse and neglect, understanding the risk factors, and preventing and reporting instances.

9:15 am – 10:45 am

Exhibit Hall Open/Poster Viewing

During this time attendees can network with exhibitors, view posters, and participate in the GAPNA Foundation basket raffle.

10:45 am – 11:45 am

General Session (1.0 CH)

220 Health Affairs Committee: Elevating Our Status

Natalie Baker, DNP, CRNP, CNE, GS-C, FAANP, FAAN; Jennifer Kim, DNP, GNP-BC, GS-C

This session will discuss the advocacy work of the GAPNA Health Affairs Committee throughout the past year. Attendees will gain a deeper understanding of the role of the Health Affairs Committee within GAPNA and opportunities to become involved in GAPNA's health policy activities will be discussed.

12:00 pm – 1:00 pm

230 Industry-Supported Presentation Theater

Seating is limited. Presentation theater and lunch will be provided if industry support is received.

1:15 pm – 2:15 pm

Concurrent Sessions (1.0 CH)

241 Empowering Providers: Your Playbook for Preparing and Protecting Transplant Candidates and Recipients - R, AC

Sabrina Kopf, DNP, ACNP-BC, CRNP

This session will focus on the importance of pre-transplant infection prevention and examine the spectrum of infections encountered by transplant recipients during the first-year post-transplant.

242 The Long Journey to GUIDE: Lessons Learned by Two Dementia Models of Care

Carolyn Clevenger, DNP, GNP-BC; Leslie Chang Evertson, DNP, RN, GNP-BC

The presenters will discuss the journey as established models of dementia care to the Guiding an Improved Dementia Experience (GUIDE) model applicants and their eventual implementation of GUIDE. Discussion will include challenges and successes and real-time updates on this new alternative payment model will be provided.

243 Assessment and Initial Management of Suicidal Ideation Among Older Adults

Elizabeth Galik, PhD, CRNP, FAAN, FAANP; Allison Villegas, PA-C

This session will assist participants in gaining confidence and competence in screening and assessment of older adults with suicidal ideation and/or suicidal behavior. With a lack of availability of behavioral health clinicians across many community and long-term care settings, it is imperative for front-line clinicians

CONFERENCE SCHEDULE

and staff to have the skills to assess a resident for suicidal ideation and to initiate appropriate interventions to keep the patient safe in the least restrictive environment.

2:15 pm - 3:15 pm

Last Opening of the Exhibit Hall and Poster Viewing

During this time attendees can network with exhibitors, view posters, and participate in the GAPNA Foundation basket raffle. Passports for Prizes and GAPNA Foundation raffle basket winners will be announced.

3:15 pm - 4:15 pm

Concurrent Sessions (1.0 CH)

251 Radiology Interpretations: What the Gerontology Provider Needs to Know - AC

Andrea Boohaker, DNP, ACNP-BC, RFNA

This session will share information on the innovative radiological techniques and procedures available for older adult patients.

252 Assessment and Management of Challenging Behaviors in Long-term Care - R

Elizabeth Galik, PhD, CRNP, FAAN, FAANP

One of the biggest challenges nurse practitioners working in the long-term care setting face is in dealing with problem behaviors with their older adult residents. This session addresses issues related to disruptive patients and ways to appropriately respond to commonly presented behaviors exhibited by many cognitively impaired residents.

253 You Definitely Have a Type! Discovering Your Leadership Style

Maria Baxter, MSN, CRNP

APRNs can be leaders within the healthcare system, even without a formal title. In this interactive session, participants will be led through personality and leadership assessments, explore the unique strengths and opportunities for each style, and share how GAPNA invests in the leadership potential of its members. The presenter will share her experience as a GAPNA Leadership Institute Fellow and highlight contemporary leadership literature.

4:30 pm - 5:30 pm

260 GAPNA Gallery

Conference attendees are welcome to find their homes within GAPNA and network with GAPNA Committee & Special Interest Group (SIG) Chairs.

5:45 pm - 7:00 pm

270 Industry-Supported Presentation Theater

Seating is limited. Presentation theater and light refreshments will be provided if industry support is received.

7:15 pm

Friday Night Out with GAPNA Foundation

Pre-registration is required for this activity.

Enjoy an evening at Enchanted Springs Ranch exploring an Old West Town. You will have fun playing cornhole, giant Jenga, and oversized Tic-Tac-Toe. Dance to the country music in the saloon while enjoying Texas snacks and libations. Transportation and 1 free drink ticket are included in the price.

Saturday, September 14, 2024

6:30 am - 4:00 pm

Registration Open

7:00 am - 8:00 am

300 Industry-Supported Presentation Theater

Seating is limited. Presentation theater and breakfast will be provided if industry support is received.

8:15 am - 9:15 am

General Session (1.0 CH)

310 It's a Scam! The Burden of Financial Exploitation among Older Adults and the APRN Role

Patricia Neumann, SN, AGNP-C; Carly Wagner, MSN, AGNP-C

Older adults are at higher risk of financial exploitation due to functional dependency, poor physical health, cognitive impairment, and low socioeconomic status. The role of the primary care APRN includes education about financial decision-making, screening, and management of financial exploitation. This session will address how APRNs play an important role in understanding the impact and educating the older adult and caregiver and steps to take if an older adult has fallen victim to financial exploitation.

9:30 am - 11:30 am

In-Depth Focus Sessions (2.0 CH)

321 Project Podium Presentations

Several projects will be presented outlining the creative work APRNs are doing to advance the care of older adults.

322 Educating and Empowering Gerontological APRNs to Act on What Matters Most to Their Patients: A Workshop Teaching the Systematic Approach of Patient Priorities Care

Melissa Hladek, PhD, CRNP, FNP-BC; Erica Frechman, PhD, AGPCNP-BC, ACHPN, NEA-BC, FPCN; Ophelia Empleo-Frazier, MSN, GNP-BC, CDP; Brenda Nettles, DNP, MS, ACNP-BC, CNE; Brenda Douglass, DNP, APRN, FNP-C, CDCES, CTTS; Mary Tinetti, MSN, GNP-BC, CDP

Patient priorities care is an approach to care that aligns decision-making by all clinicians with patients' own health priorities. The presentation will provide gerontology advance practice nurses with background information, clinician tools, and resources to employ the approach into practice. Presenters will highlight material from a clinician, educator, and research perspective while covering pragmatic approaches for utilization across all care settings in which gerontological advanced practice nurses practice.

CONFERENCE SCHEDULE

323 Curricular Strategies for Gerontology Advanced Practice Faculty

Mary DiGiulio, DNP, ANP-BC, BNP-BC, FAANP; Ann Kriebel Gasparro, DrNP, FNP, GNP, GS-C, FAANP; Amy Mandersheid, DNP, RN, AGPCNP-BC, AGNP-C, CMSRN; Sherry Rivera, DNP, APRN, ANP-C, FNKF, FAANP; Sara McCumber, DNP, APRN, CNP, CNS

This session will equip faculty with teaching strategies to meet the updated Essentials and NONPF (2022) NP Core Competencies. Seasoned faculty will review available geriatric resources and discuss curricular strategies for including geriatric learning experiences to address both the revised Essentials and the Core Competencies. There will be special emphasis on diversity, equity, and inclusion; determinants of health; informatics and healthcare technology; interprofessional partnerships; and disaster preparedness.

11:45 am - 1:30 pm

330 Membership Meeting & Awards Ceremony Luncheon

Pre-registration is required for this luncheon.

Join your colleagues during this special luncheon as awards are presented to the 2024 GAPNA Excellence, Foundation, and Research Award recipients. The incoming members of the Board of Directors will be introduced. This is a ticketed event and pre-registration is required to attend. Guest passes are available for purchase.

1:45 pm - 2:45 pm

Concurrent Sessions (1.0 CH)

341 Update of Cardiothoracic Procedures in the Geriatric Population - AC

Gregory Marler, DNP, APRN, ACNP, FCCP

This session will explore the latest updates in cardiothoracic procedures for the older adult population.

342 Turning Genetic Analysis into Practice - R

Tamatha Arms, PhD, DNP, PMHNP-BC; J. Michelle Moccia, DNP, ANP-BC, GS-C

This session will outline the clinical best practices of genetic testing and the utility of pharmacogenomic information to help the APRN adjust medications based on the older adult's genetic makeup.

343 Making the Call

Sandra Sanchez Reilly, MD

This session will discuss when and how to initiate referrals for palliative care and/or hospice and finding resources to assist families.

3:00 pm - 4:00 pm

Closing Session (1.0 CH)

350 Artificial Intelligence in Health Care: Should We Run for the Hills?

Cheryl Parker, PhD, RN, NI-BC, CNE

This session will address how generative artificial intelligence impacts the care of older adults.

2024 Annual Conference Planning Committee

Patti Parker, PhD, RN, ACNS, ANP, GNP, BC, GS-C, *Chair*

Leslie Chang Evertson, DNP, RN, GNP-BC, *Chair-Elect*

Donna Hamby, DNP, ACNP-BC, RN, DEGN

Cori Cunningham Johnson, DNP, CRNP, AGNP-C

J. Michelle Moccia, DNP, ANP-BC, GS-C

Deanna Adams, DNP, APRN, FNP-C, AGACNP-BC, GS-C, CEN

Letha Joseph, DNP, APRN, AGPCNP-BC, FFMRCIS, FAAN

Kimberly Posey, DNP, PhD, AGPCNP-BC, GS-C, *Board Liaison*

Rosemarie Marmion, MSN, RN, NPD-BC, NE-BC, *Education Director*

Important Conference Information

Nursing Continuing Professional Development

Earn nursing continuing professional development contact hours. Contact hours (CH) will be awarded as follows:

Main Conference: Up to 14.5 CH

Thursday, September 12: 5.5 CH

Friday, September 13: 4.0 CH

Saturday, September 14: 5.0 CH

Pre-Conference Workshops

Workshop 010: 7.0 CH

Workshop 020: 7.0 CH

Workshop 030: 4.5 CH

Sessions marked with **R** contain pharmacology content that can be applied toward pharmacology credit requirements. Pharmacology content credit is time-based on the content outline.

This conference is jointly provided by Anthony J. Jannetti, Inc. (AJJ) and the Gerontological Advanced Practice Nurses Association (GAPNA).

Anthony J. Jannetti, Inc. is accredited as a provider of nursing continuing professional development by the American Nurses Credentialing Center's Commission on Accreditation.

Anthony J. Jannetti, Inc. is an approved provider of continuing nursing education by the California Board of Registered Nursing, Provider Number CEP 5387.

GAPNA urges participants to be aware of the CNE requirements for relicensure in the states in which they hold a license.

Workshop 010: This session is jointly provided by Anthony J. Jannetti, Inc. (AJJ), the Gerontological Advanced Practice Nurses Association (GAPNA), and UCLA.
